Dead Center

In Defense of Common Sense

Joe Manchin, Nick Saban

Contributor Bio

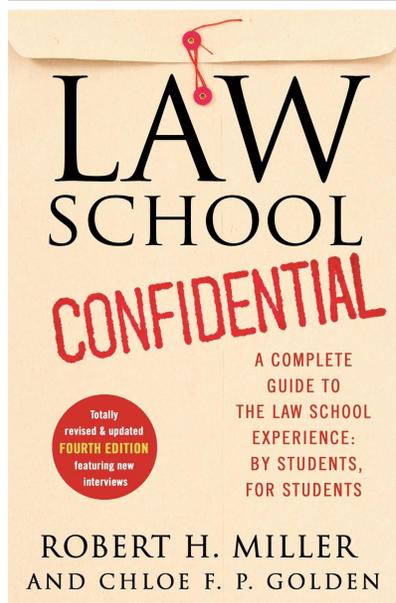

Joe Manchin served as a United States senator from West Virginia from 2010 to 2025. Born in Farmington, West Virginia, Manchin entered politics in 1982 as a member of his state's House of Delegates. After working his way up in the state politics, he was elected as the governor of West Virginia in 2004. Since retiring from the Senate, he has shifted his focus to building Americans Together, an organization he founded with his daughter to develop support for centrist politicians and candidates.

The Genius Bat

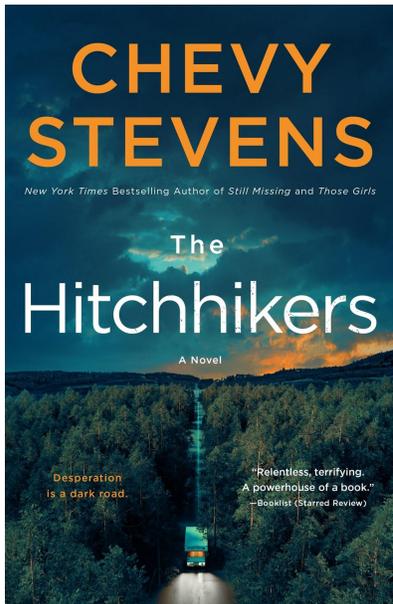

The Secret Life of the Only Flying Mammal

Yossi Yovel

Summary

With nearly 1500 species, bats account for more than twenty percent of mammalian species. The most successful and most diverse group of mammals, bats come in different sizes, shapes, and colors, from the tiny bumblebee bat to the giant golden-crowned flying fox. Some bats eat fruit and nectar; others eat frogs, scorpions, or fish. Vampire bats feed on blood. Bats are the only mammals that can fly; their fingers have elongated through evolution to become wings with a unique, super-flexible skin membrane stretched between them. Their robust immune system is one of the reasons for their extreme longevity. A tiny bat can live for forty years.

Yossi Yovel, an ecologist and a neurobiologist, is passionate about deciphering the secrets of bats, including using AI to decipher their communication. In *The Genius Bat*, he brings to vivid life these amazing creatures as well as the obsessive and sometimes eccentric people who study them—bat scientists. From muddy rainforests to star-covered night deserts, from guest houses in Thailand to museum drawers full of fossils in New York, this is an eye-opening and entertaining account of a mighty mammal.

Succubus

A Love Story

Kate Fox

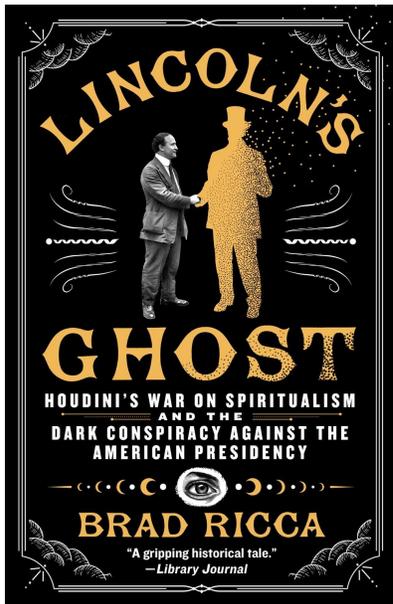

Summary

Tempest Dunlap loves romance novels, but she knows she'll never have her own happily-ever-after. She is a sweatpants-wearing doula who homeschools her seven-year-old niece in suburban New Jersey. Unfortunately, she's also a succubus: Every man she's ever kissed has died. But Tempest is a good person who never intended to be a murderer, so she's sworn off love forever.

Then she meets Joel Tav, a gorgeous, gentle doctor who makes celibacy feel impossible. Tempest knows she can't touch him—or tell him his brother was the last man she dated and accidentally killed.

Meanwhile, a vigilante is hunting people with dark powers, and Tempest is next. Should she keep hiding in her safe, lonely life, or should she embrace the darkness she fears and risk the ultimate forbidden love?

Maybe Tempest will get her love story after all . . . or maybe she'll become its villain.

Meet Me at Midnight

A Novel

Sophie Sullivan

Summary

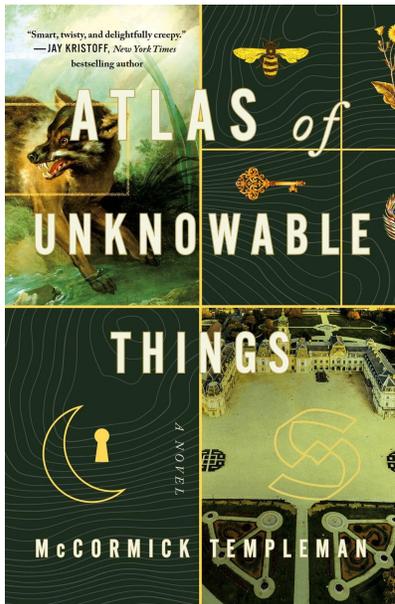

This year will be Kyra Grand's year. As the clock strikes midnight and the ball drops, she resolves to finally go after what she wants. This will be the year she leaves behind the family business and makes something of her own. However, a magical one-night-stand with her brother's best friend throws a massive wrench in her plans.

Ethan Reynolds didn't think he was the type to settle down. Scared of jeopardizing his friendship with Kyra's older brother, he resolves to never cross that line again. But when an unexpected consequence of their night together complicates things, Ethan and Kyra must grapple through everything standing in their way, to find love that's waiting on the other side.
